## Weather / Snow

Welcome to Aspen Mountain. Today will be mostly sunny with winds 1 to 10 MPH out of the NW. Look for temperatures to reach the mid 30s at the top today. Runs groomed after 5 a.m.: Upper Copper. Silver Queen and Ajax Express lift uploads until 4 p.m. today. Safety tip of the day: People ahead of you have the right of way. Las Personas que van delante tienen el derecho de vía. Head for the mountain that many locals love to call home!
